252 North Queen Street, LANCASTER, PENNSYLVANIA

Area Code 717 • 394-7261

WILLIAM A. BURROWS

709 DIVISION STREET

GLOUCESTER CITY, NEW JERSEY 08030

Thank you for the reception report. It has been checked and is an accurate report of what was broadcast 6/25/87 from 11:54 pm to 11:55pm

WLAN/AM operates on 1390 Kc., with daytime power of 5000 watts and a directional antenna which is beamed to the North, providing protection to WEAM in Arlington and WFEC in Harrisburg. The nighttime antenna is also directional, and is beamed to the East; providing additional protection to WFBL in Syracuse. The power at night is reduced to 1000 watts.

WLAN/FM operates on 96.9 Mc., with an effective radiated power of 50,000 watts vertical and 50,000 watts horizontal polarization. Ant. height is 500' HAAT. We are a 24 hour station with a 40-60 mile radius

I am enclosing some additional information on the station which I hope will be of some use to you.

Cordially yours,

Frank Altdoerffer
